

# Dealing with Bereavement and Loss

## **Aims and Objectives:**

To help prepare care workers to deal with the emotional issues surrounding death, dying and bereavement

## **Learning Outcomes:**

Following this study day, the health care worker will:

- Have considered their own attitudes to death
- Be able to offer support to someone who is dying
- Name and explain the stages of bereavement
- Know the best ways to respond to someone who has been bereaved

## **Target Group:**

Health or Social Care support workers who are involved in providing end of life care

## **Duration:**

One day

## **Key Contact:**
