

IOSH Working Safely

Aims and Objectives:

The Health and Safety at Work Act 1974 puts a responsibility onto employers to ensure the health, safety and welfare of their employees at work and of any other persons who use the premises. This course aims to assist both employers and employees to work more safely and to contribute to the overall safety of an organisation. Working safely trains workers to ensure that their actions contribute to health & safety in the workplace, and that individual responsibilities are clearly understood.

Learning Outcomes:

- Working Safely
- Hazard, Risk and Risk Control
- Commonly Occurring Hazards:
 - Fire
 - Electricity
 - Work Equipment
 - Movement of People
 - Movement of Vehicles
 - Poor Housekeeping
 - Manual Handling
 - Display Screen Equipment
 - Chemicals and Substances
 - Noise
- Safety Management Systems

Target Group:

This course is designed for those in any of the following roles:

- Facilities Managers responsible for day-to-day Health and Safety within the organisation
- Health and Safety Co-ordinators
- Persons who may have specific Health and Safety responsibilities defined in their job descriptions

Duration:

One day. Whilst there is no compulsory requirement for retraining, it is considered beneficial to undertake refresher training at regular intervals.
