

## **Certificate in Orthodontic Dental Nursing** **National Exam Board for Dental Nurses (NEBDN)**

### **Aims and Objectives:**

This course supports Dental Care Professionals (DCPs) to gain the National Exam Board for Dental Nurses (NEBDN) Certificate in Orthodontic Dental Nursing. The programme delivers the theory associated with orthodontics as detailed in the NEBDN syllabus and it is expected that the practical aspects of orthodontics taught by the DCPs specialist practitioner. Once practical skills have been developed and the theory of orthodontic dental nursing is understood DCPs can present for the NEBDN Certificate in Orthodontic Dental Nursing examination. Once obtained this foundation qualification will support progression towards the Diploma in Orthodontic Therapy.

### **Target Group:**

Qualified Dental Care registered with the General Dental Council professionals employed within an orthodontic setting.

### **Duration:**

Workshop comprising of theory and practical hands on training which will provide 6 hours of verifiable CPD.
