

Rights / Advocacy and Empowerment

Aims and Objectives:

To encourage practice that empowers the service user and takes cognisance of their rights

Learning Outcomes:

Following this study day, the health care worker will:

- Have begun to consider the concept of human rights
- Have an understanding of the rights of the service user as laid down within the National Care Standards
- Be aware of the term 'advocacy' and what it means in the context of care work
- Have considered ways in which service users may be empowered

Target Group:

Care support workers from any environment

Duration:

Half day
