

# Working with Physical Impairments

## **Aims and Objectives:**

To introduce the participant to a range of physical impairments and the possible effects on individuals

## **Learning Outcomes:**

Following this study day the health care worker will:

- Be able to describe a variety of common physical impairments
- Have an understanding of the effects of physical impairments on individuals
- Be better able to address the needs of individuals with physical impairment

## **Target Group:**

Health and Social Care workers from any environment

## **Duration:**

One day
